#### **Testimony of My Journey**

My journey at Fidelis Leadership Institute (FLI) began with a burning passion to explore untapped potential, share transformative insights, and cultivate a path to success. This journey has been fueled by curiosity and a deep-seated belief in the power of knowledge-sharing to inspire growth and achievement. Along the way, I have discovered new dimensions of leadership and personal fulfillment that continue to shape my path forward. At FLI, I gained invaluable insights into self-awareness a powerful tool that has allowed me to connect with myself.

Understanding my personality has equipped me with the skills to engage with others in a more balanced and effective manner. This journey has not only enhanced my personal growth but also sharpened my ability to navigate diverse relationships with confidence and insight. As a young adult navigating the corporate world, I have embraced core values such as honesty and accountability, which are crucial in shaping my journey toward exemplary leadership.

Learning to manage finances has also been pivotal. I am grateful for the mentorship provided by our exceptional facilitators at FLI—they have been instrumental in my growth. Their availability and guidance have fostered meaningful connections and continue to support me in my ongoing learning and development. Thank you to our founder, Ms. Phiona Wall, for her incredible initiative in mentoring us millennials and Gen Z young adults, guiding us to become outstanding leaders of substance.

#### **Mission Statement:**

"I exist to holistically empower and transform highly vulnerable communities in areas such as healthcare, gender and human rights, WASH (Water, Sanitation, and Hygiene), economic empowerment, and other charitable activities."

#### **My Journey at FLI**Overcoming Obstacles:

When I was invited to the FLI launch, I didn't have transportation to the venue. However, driven by faith, I felt compelled to attend. I walked all the way from Kanyanya through Nsoba, and with only 1,000 Ugandan shillings (UGX), I managed to negotiate a boda boda ride (motorcycle taxi) from Acacia Mall to the venue.

#### **Finding Inspiration:**

At FLI, the team warmly welcomed me. I saw others who seemed to be guests like myself. The launch began in a relaxed atmosphere, but the testimonies from those who had participated in the program filled me with strength and courage. Despite my empty pockets, I heard a voice within urging me to begin.

## **Transformation and Growth:**

I started the training with my colleagues. The very first lecture by Counselor Phiona dispelled all my fears. Since then, I've been able to:

1. Write a personal vision and mission statement.
2. Develop a 20-year plan with a dedicated space in my home to keep it readily visible, including my personal strategies.
3. Significantly improve my online presence, especially on LinkedIn.
4. Establish financial principles to prepare for when God opens doors for financial opportunities.
5. Apply workplace values effectively.. The entrepreneurship module helped me refine my idea for a consulting business. I've even joined forces with colleagues to launch it on August 1st, 2024. The business is already registered, and we've secured a space at Bhatia House on Buganda Road.

## **A Supportive Family:**

Today, I have a team of colleagues at FLI who I can easily reach out to for support. I'm incredibly grateful to be part of this incredible family. It's more than just a family because they continued to encourage me to attend lectures even when I hadn't completed the tuition fees. In fact, I've only managed to pay 20% so far. FLI is one of the very few institutions that allow you to continue learning without full payment. I am deeply indebted to FLI and am more than willing to volunteer my time whenever needed. Thank you for allowing me to graduate despite the circumstances.

## **Looking Forward:**

I promise to uphold the values I learned as an FLI fellow wherever I go, and I will continue to promote FLI.

From both a personal and professional perspective, the course has helped me to reawaken certain qualities that had long been dormant, and more importantly, to understand how to apply them in life. I plan to use what I've learned in the life lessons talks that I will give to young people. I would like to express my gratitude to the Founder and Director, the instructors, and everyone else at the institute who have made it possible for me to embark on this uplifting journey of self-discovery and improvement. It was definitely worth attending this course, and I will wholeheartedly recommend it to everyone! Thank you all, and may the good Lord bless you always.
